EDUCATION

GENERAL ASSEMBLY   SAN FRANCISCO, CA
Web Development Immersive (2013)

UNIVERSITY OF PENNSYLVANIA   PHILADELPHIA, PA
Bachelor of Arts, Criminology (May 2012)

KEY RELEVANT SKILLS

WEB DEVELOPMENT

- **Languages:** Ruby, HTML5/HAML, CSS3, JavaScript
- **Frameworks and Technologies:** Rails, Sinatra, AngularJS, Foundation, Twitter Bootstrap, Nokogiri

PROJECTS

CRAIGSCOUT-SF (JULY 2013). A single-page web application that scrapes the first page of Craigslist apartment and housing listings in San Francisco. The listings are returned with the percentage of crime in San Francisco that has occurred in the neighborhood provided for the individual listing.

WIGWM (AUGUST 2013). A map-based web application that allows users to create and host events in San Francisco, providing information such as genre, date, time, and cost. Users are also able to RSVP to and write comments for the available events as they appear on the map and index page.

CRUNCHMATE (SEPTEMBER 2013). A web application powered by the Yummly API that allows users to search for available recipes that fit within their time frame and are associated with a specified word.

WORK EXPERIENCE

THE LINGUISTIC DATA CONSORTIUM   Philadelphia, PA
Data Scout/Annotator (2011 – 2013)
- Assisted in the building of a corpus containing multi-modal data
- Used creativity and discretion to locate useful entries for the corpus
- Analyzed and annotated visual media for specific features
- Contributed knowledge to improve project operations

UNIVERSITY OF PENNSYLVANIA HOSPITALITY SERVICES   Philadelphia, PA
Conference Operations Assistant (2011)

RICKY'S NYC   New York, NY
Assistant Manager (2010 – 2011)

US CENSUS BUREAU   Brooklyn, NY
Crew Leader Assistant (2010)
